Note 1 - Organization & Summary of Significant Accounting Policies

Organization-

New England Archivists, Inc. (NEA) was incorporated under a charter granted in 1973 by the Commonwealth of Massachusetts. The organization was established to foster the preservation and use of records of enduring value in New England and to improve the management and public awareness and understanding of such records. Membership is open to any individual or institution concerned with or interested in accession, administration, organization, preservation, or use of archival and manuscript material.

Basis of presentation-

The financial statements of New England Archivists, Inc. (NEA) have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP), which require NEA to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of NEA's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of NEA or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Measure of operations -

The statements of activities report all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to NEA's ongoing member services and interest and dividends earned on investments. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature.

Note 1 - Organization & Summary of Significant Accounting Policies (cont'd)

Cash and cash equivalents -

NEA's cash consists of cash on deposit with banks. Cash equivalents represent money market funds or short-term investments with original maturities of three months or less from date of purchase.

Concentration of credit and market risk -

Financial instruments that potentially subject NEA to concentrations of credit and market risk consist primarily of cash and cash equivalents and investments. NEA's cash and cash equivalents have been placed with a high credit quality financial institution in accounts that are federally insured. NEA's investment is in a mutual fund that is expected to maintain a \$1 per share valuation resulting in limited exposure to market fluctuations.

Equipment, net -

Equipment is stated at cost at the date of purchase less accumulated depreciation. Depreciation is calculated using the straight-line method over an estimated useful life of 3-5 years.

Fair value measurements –

Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on the assumptions market participants would use when pricing an asset. U.S. GAAP establishes a fair value hierarchy that prioritizes investments based on those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). NEA groups assets at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

Level 1	Unadjusted quote market prices for identical assets or liabilities in active
	markets as of the measurement date.

Level 2 Other observable inputs, either directly or indirectly including:
Quoted prices for similar assets/liabilities in active markets;
Quoted prices for identical or similar assets in non-active markets:
Inputs other than quoted prices that are observable for the asset/liability; and,

Note 1 - Organization & Summary of Significant Accounting Policies (cont'd)

Inputs that are derived principally from or corroborated by other observable market data.

Level 3 Unobservable inputs that cannot be corroborated by observable market data.

Contributions -

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Unearned revenue -

Dues collected are prorated over the member's year to which they relate. Sponsorships collected are recorded as revenue in the year to which they relate.

Use of estimates -

The preparation of financial statements in conformity with U.S. GAAP require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes -

NEA is exempt from Federal income taxes under Section 501(c)(3), though it is subject to tax on business income unrelated to its exempt purpose. Management does not believe that there are any material uncertain tax positions that require recognition or disclosure in the financial statements.

Note 1 - Organization & Summary of Significant Accounting Policies (cont'd)

Functional expenses- The costs of providing program and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among programs and supporting services benefited. Such allocations are determined by management on an equitable basis.

Reclassifications- Certain prior year amounts have been reclassified to conform to the current year presentation.

New Accounting Pronouncement- Financial Accounting Standards Board (FASB) issued ASU 2016-14, Not-for-Profit Entities *-Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. NEA had adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all period presented.

Note 2 – Availability and Liquidity

The following represents NEA's financial assets at December 31:

	<u>2019</u>		<u>2018</u>
Financial assets at year end:			
Cash and cash equivalents	\$ 98,888	\$	103,987
Receivable	 -	_	261
Total financial assets	98,888		104,248
Less amounts not available to be used within 1 year:			
Net assets with donor restrictions	9,099		7,414
Board designated restrictions	 2,004	_	2,242
Financial assets available to meet general expenditures			
over the next year	\$ 87,785	\$	94,592

As part of its liquidity plan, excess cash is invested in short term investments such as money market accounts.

Note 3 - Awards/Scholarships

Hale:

Given annually to promote the professional development of archivists in the region. This award honors Dr. Richard W. Hale, Jr., who was Archivist of the Commonwealth of Massachusetts from 1961 to 1976 and a founding member of NEA.

Haas:

Given annually in support of a project that promotes increased cooperation, understanding, and knowledge between the archival and records management professions. This award honors Richard L. Haas, who held records management positions at Wright State University, University of Cincinnati, and Harvard University

A/V Professional Development:

Given annually to promote the professional development of members in the areas of moving image, recorded sound, and time-based media.

Member Meeting & Travel Scholarship:

New England Archivists also offers meeting and travel scholarships to help defray the cost of professional development for our members.

Salis Student Meeting & Travel Scholarship:

Given annually to support the attendance at the annual Spring Meeting of New England Archivists student members who would otherwise be unable to attend or who would face undue financial hardship as a result of doing so.

IDC:

Given annually to the presenters of one session during the Spring Meeting. The session must be dedicated to issues of inclusion, diversity and social justice within the profession.

Note 4- Donor Restrictions
